Autumn makes for memorable songs...

I don't know what it is about the months in the fall, but they make for a lot of memorable songs. Maybe because it's easy to rhyme with autumn.

Regardless of the reason, this season is filled with songs that pay homage to the season. It's November, and most of us associate this month with Thanksgiving, and many of us associate Thanksgiving with the soundtrack to the movie “Elf.”

For those of us who grew up with the soundtrack to “Elf,” the scene with Buddy the Elf and his song “It’s the Most Wonderful Time of the Year” is a staple in our holiday memories.
